Health and Safety Inspections are conducted by the Office of Residential Life & Housing each semester. These inspections are designed to identify and correct potential problems before they cause damage or harm.

Please note that any violation will be documented and require follow up. A copy of the documentation left in the room for the student will include a deadline for correcting the violation, after which time the room will be re-inspected. Items that are unauthorized and considered prohibited as outlined in the student handbook will be confiscated.

Thank you for your cooperation in making our residential community safe.

Your presence is not required.
