The Alumni Association is proud to announce the creation of the Career Empowerment Opportunity (CEO) alumni mentoring program.

**CAREER EMPOWERMENT OPPORTUNITY**

The program will prepare RIC students for successful post-college lives by providing personal and professional development through facilitated sessions, site-based networking lunches, and mentor meetings with successful RIC alumni. Students will be paired with an alumnus in a similar field in order to build their own network and relationships.

**PROGRAM**

The program will prepare RIC students for successful post-college lives by providing personal and professional development through facilitated sessions, site-based networking lunches, and mentor meetings with successful RIC alumni. Students will be paired with an alumnus in a similar field in order to build their own network and relationships.

**TIME COMMITMENT**

Monthly workshops will be held on Fridays from 12:30 p.m. - 2:30 p.m. on RIC Campus.

Lunch will be provided at each session, where you will get the opportunity to listen to guest speakers on course topics such as goal-setting, conflict resolution, digital literacy, public speaking and more.

**BENEFITS**

Each graduate of the program will receive a mentor in a related job field, increased job and social skills, business cards and access to a state-wide network of leaders to support professional growth.

Six site-based job networking lunches called Lunch N’ Learns will be hosted by the alumni mentors and occur at their place of work.

This program begins in February 2020 and runs through May 2021, and we are seeking current juniors and/or students who anticipate graduating in the Spring of 2021.

12 open spots will be available for undergraduate students. We are seeking current and emerging leaders on campus who are interested in expanding their network and building skills necessary for a successful career.
