Book Awards Program Expands

In the 2007 winter edition of the *Alumni Magazine*, we reported that we wanted to expand our RIC Book Award program. We asked you to consider sponsoring a Rhode Island College Book Award for a high school senior entering the College in Fall 2007. You answered our call. We are pleased to tell you that 67 book awards were presented to students in 44 high schools this year; last year there were 44 presented in 38 high schools. If you review this list you will note that there are still some high schools missing from this list. Please call the Alumni Office at 456-8086 if you'd like to participate. (Bold lettering indicates new or returning to the program this year.)
