

Beyond Cis & LGBTQ+ Empowerment Groups

RIC students who identify as bisexual, gay, gender-fluid, lesbian, non-binary, pansexual, polyamorous, queer, questioning, transgender umbrella, and/or as any other diverse gender and/or sexual identity:

Looking for an intentionally empowering, and safe space to explore the intersectionality of diverse sexual and/or gender identities with other important personal identities, tell your story, offer support, and gain perspective?

The RIC Counseling Center offers the LGBTQ+ Empowerment Group and the Beyond Cis Group. Group facilitators identify as members of this community.

Please mention your interest in one of these groups during your first appointment (with any staff member) to connect to a pre-group interview. Groups will start once there are enough students to begin a group. Day and time of group meetings TBD to best accommodate everyone's availability. Note, this is not a drop-in group, and will meet for the duration of the semester with consistent members.

If you are interested, please contact the Counseling Center at 401-456-8094; stop by Browne Residence Hall, suite 100; or go online (<http://www.ric.edu/counseling-center/Pages/default.aspx>) to set up an appointment.
