

This map is a semester-by-semester plan to help guide you toward graduation within your specific program. This program is planned for nine (9) semesters. While it is not impossible to complete this program in eight semesters, nine semesters is more accurate. The map is designed primarily for freshmen entering college but transfer students are also encouraged to use the Rhode Map. Transfer Students may have completed several requirements through transfer of credits (please see your advisor to confirm course substitutions). Many courses have prerequisites therefore some course need to be taken in a specific order. This map is not your only route; it is a suggestion. Course may be taken over the summer or early spring provided they are available during those sessions.

On pages 2-4 of this guide, the left column outlines the ideal courses for you to take each semester. There may be times when courses are unavailable, in which case another course from a different semester may be taken. The column on the right has "Checkpoints" for each semester and contains important information and requirements specific to your program. You should work from this map as you plan each semester's schedule, before meeting with your advisor. You are required to meet with your advisor each semester before registration begins. Please also check the Feinstein School of Education and Human Development's website for essential information and program updates. <http://www.ric.edu/feinsteinSchoolEducationHumanDevelopment/Pages/default.aspx> Maps assume a Fall start. For information about Math Placement exam visit: <http://www.ric.edu/orientation/Pages/Math-Placement.aspx>. Courses with (WID) are Writing in the Discipline courses and will be writing intensive.

**FSEHD ADMISSION REQUIREMENTS:** The following requirements must be completed by undergraduate degree candidates at Rhode Island College in order to be accepted in the program:

- Completion of 24 credits upon admission.
- Completion of FYW 100 or FYW 100P (grade of B or higher)
- Completion of BIOL 111, MATH 143, and POL 202 or GEOG 200 (grade of C or higher)
- Completion of FNED 246 (grade of B- or higher)
- Submission of three (3) reference forms from the service learning project in FNED 246 (faculty, supervisor, and self)
- Successful completion of both the RIC writing requirement and mathematics competency requirement
