This map is a semester-by-semester plan to help you toward graduation in four years. Not everyone graduates in four years as it depends on how many courses you can take, and how you do in those courses. This map is not your only route; it is a suggestion. You might take additional courses over the summer (or early spring/winter) to catch up or get ahead if the courses you need are offered at these times. While many courses in your major will have prerequisites that will need you to take them in a special order, there is some flexibility in this map, but always double check you have the right prerequisites for a course you plan to take. Maps assume a Fall start.

The column to the left on the other side of this page suggests the ideal courses for you to take each semester. There are times when those courses may be full or unavailable the semester you plan to take them, in which case consider another course from a different semester with which you can switch. The column on the right has "Checkpoints" for each semester that show where you should be by the end of that semester. You should work from this map as you plan each semester's schedule, before checking in with your advisor. The Map is designed primarily for freshmen coming to college for the first time, but transfer students may also use the Rhode Map with the understanding that they have most likely completed several requirements through transfer of credit, and will be starting further into the program.

For more information, check the English Department website: <http://www.ric.edu/english/Pages/default.aspx>

There is also a 20-credit minor in Rhetoric and Writing that you may wish to consider in addition to the major, which includes an internship. See details at the website listed above.

NOTE: The total credit count for this major is 44 credits and there are 40 credits of Gen Ed. with possibly 9 more depending on secondary language needs and RIC 100, making an overall total of 80 credits (without secondary language/RIC 100). This leaves room for 36 credits that may need to include two secondary language courses (and RIC 100), but could go toward another major, or a minor or electives.
