GENERAL EDUCATION: A complete listing of General Education courses can be found at the Office of Academic Support and Information Services (OASIS) or online at <http://www.ric.edu/recordsoffice/Pages/College-Catalog.aspx>; look at catalog for year you enrolled. For Gen Ed courses, aside from Second Language requirement, which varies depending on where you are placed, you need ONE course from each category. Second Language 101/102 options are: American Sign, Arabic, French, German, Italian, Japanese, Latin, Portuguese, or Spanish. For other ways to satisfy the second language requirement look under the Gen Ed. section of the catalog. Any courses marked (F) offered Fall only; (Sp) Spring; (Su) Summer (some with session number included). All courses marked with an asterisk * have a prerequisite.

Academic Major Checklist	Course	Academic Major Checklist	Course
CHEM 103 General Chemistry I* or CHEM 103H (F)*		CHEM 414 Instrumental Methods of Analysis (Sp odd)*	
CHEM 104 General Chemistry II* or CHEM 104H (Sp)*		CHEM 491-493 Research in Chemistry*	
CHEM 205 Organic Chemistry I (F, SuI)*		Cognates:	
CHEM 206 Organic Chemistry II (Sp, SuII)*		MATH 212 Calculus I*	
CHEM 310 Biochemistry (F)*		MATH 213 Calculus II*	
CHEM 403 Inorganic Chemistry I (F)*		MATH 314 Calculus III *	
CHEM 404 Analytical Chemistry I (Sp) (even years)* or CHEM 416 Environmental Analytical Chemistry (Sp)* (odd years)		PHYS 200 Mechanics (F)*	
CHEM 405 Physical Chemistry I (F)* and CHEM 407 Physical Chemistry Laboratory I (F)*		PHYS 201 Electricity and Magnetism (Sp)*	
CHEM 406 Physical Chemistry II (Sp)* and CHEM 408 Physical Chemistry Laboratory II (Sp)*			
Select ONE from CHEM 412 Inorganic Chemistry II and CHEM 413 Inorganic Chemistry Laboratory II (Sp)*; CHEM 418 Marine Environmental Chemistry (Sp)*; or CHEM 425 Advanced Organic Chemistry (F)*			

This map is a semester-by-semester plan to help you toward graduation in four years. Not everyone graduates in four years as it depends on how many courses you can take, and how you do in those courses. This map is not your only route; it is a suggestion. While there are many courses in your major that have prerequisites that will need you to take them in a special order, there is some flexibility in this map. All courses that have prerequisites are marked with an asterisk* in the checklists above and in the map.

The column to the left on the other side of this page suggests the ideal courses for you to take each semester. There are times when those courses may be full or unavailable the semester you plan to take them, in which case consider another course from a different semester with which you can switch. The column on the right has "Checkpoints" for each semester that show where you should be by the end of that semester. You should work from this map as you plan each semester's schedule with your advisor. You should plan to see your advisor in late September for the Spring Semester and in February for the Fall. The Map is designed primarily for freshmen coming to college for the first time, but transfer students may also use the RhodeMap with the understanding that they have most likely completed several requirements through transfer of credit, and will be starting further into the program. Maps assume a Fall start.

GRADUATION REQUIREMENTS: The following requirements must be completed by undergraduate degree candidates at Rhode Island College in order to graduate:

- General Education program, including a second language requirement
- College Math Competency (which is separate from the Gen Ed math requirement)
- College Writing Competency (satisfied by FYW with a minimum grade of C)
- Academic Major—see check chart below.
- A minimum of 120 credit hours, with a minimum of 45 credit hours taken at RIC. Of the 45 credit hours, a minimum of 15 credit hours must be in the major (12 of which must be at the 300- or 400-level).
- A minimum overall grade point average of 2.0
- A minimum grade point average of 2.0 in your major

For more information, check the Physical Sciences Department website:

<http://www.ric.edu/physicalSciences/Pages/default.aspx>

Note: MATH 209 Pre-Calculus Mathematics is a prerequisite for MATH 212, Mathematics Department can test to see if this can be waived or if you need to take this, in which case you should take it in your first semester in place of a Gen Ed. option. Also note: MATH 314 Calculus III is a prerequisite for CHEM 406. Note: PHYS 200, PHYS 201: in unusual circumstances, PHYS 101 and PHYS 102 may be substituted for PHYS 200 and PHYS 201, with consent of department chair.

Note: Prior to enrolling in any Chemistry course students must have completed the college mathematics competency.

NOTE: The total credit count for the major is 65-66 credits (depending on choices), and 40 credits for Gen. Ed.

However, 12 Gen Ed. credits for M, NS and AQSR will double-count, making the total 93-94 credits, leaving room for 26-27 credits that may need to include two secondary language courses, but could go toward a minor or electives.
