We hope to make the move-in process to the halls an easy transition. We have designated specific routes for each building in order to expedite the process.

Highly Recommend – Please verify your Hall and Room number in MyHousing.
*Use tape and label all boxes, bags, and items with your Hall and Room Number.
If an item gets misplaced it will make it easier to return.*

We recommend residents bring 2 helpers for move-in.

Please print the Hall drop off zone pass and place on your dashboard (page 2). All vehicles must have a pass on their dashboards on Move-in day.

Please review your individual hall check-in instructions on the map (page 3).

When you Arrive on-campus....

Resident

- While your helpers are in the drop-zone vehicle line, the Resident should walk directly to the check-in table in their hall lounge with their Student ID. You will fill out your emergency contract card, please have this information ready.
- Each resident must individually check-in with a Resident Assistant. There may be a line, please be patient. Please, do not leave the check-in area until you are called.
- You will be escorted to your room and the Resident Assistant will unlock your door. You will be given a Room Condition Report to review and sign, and will complete any additional paperwork with the Resident Assistant before they give you your keys.
- Once you have your keys in hand, please find your helpers to start moving your belongings inside.
- Please verify your vehicle(s) have been moved to an open parking lot if unloaded.

All Helpers

- The helpers should remain with the vehicle and get in line for the drop off zone.
- Please have your helpers unload the vehicle in the space designated by our traffic crew. Please do not walk away from your vehicle.
- Please have one helper stay with the belongings while the driver moves the vehicle to an open parking lot (orange squares on attached) map.
- There will be move-in crew available to help get your items into the building.

Please use the stairs for move-in.

Due to the high level of demand, elevator use is reserved for carts and medical necessity.
