One day the mayor of Mouseville said "Whoever makes the biggest snowman will win a prize." The mice had two weeks to build their snowman.
"I'm going to make a big snow princess," said Penelope. "I'm going to make a big snow martian!"

said James.
I'm going to make the biggest snowman," said Clayton. Desmond sadly said "No I'm going to make the biggest snowman."
That night it snowed and snowed.
In the morning, the mice began to make their snowmen. Clayton made a snowball. He rolled it and rolled it until it was really big. This was the bottom of his snowman. Desmond did the same thing.
The next day, Clayton made a big snowball for his snowman's belly. Desmond did the same.
At night, Clayton showed his dad his snowman.

His dad said "It's going to be big, but I'm not sure if it will be the biggest. If you want to work faster, use a wheelbarrow to carry the snow."
Desmond showed his Uncle. His uncle said, "It's going to be big, but will it be the biggest? If you want to work faster, use a wheelbarrow to carry the snow."
The next day, Clayton filled his wheelbarrow with snow. He piled the snow onto the snowman.

Then he rolled a snowball for the snowman's head. Desmond did the same.
A few days later, Desmond went to look at James' snow martian and Penelope's snow princess. "All of our snowmen are the same size," he said. That afternoon Clayton saw the same thing.
The next day Clayton and Desmond had the same idea. "We should do this together" they said.
First they rolled Desmond's snowman to the middle of the field. Then they rolled Clayton's snowman over.

They piled the snowballs on top of one another.

Clayton put a floppy hat on the snowman's head.

Desmond put on a long scarf, huge coal eyes, and a giant carrot nose.
When they were done, they had built the biggest snowman ever.
Clayton and Desmond won the prize of cheese. "Let the celebration begin" Everyone gathered to dance around the snowman, drink hot chocolate and eat doughnuts.
"We did it" said Clayton and Desmond. "We did it together."
