February 2018

*Official film selection for
Jewish Disabilities Awareness & Inclusion Month*

In this film, a group of young Israelis with Down Syndrome embark on a demanding trek through the Himalayas with their siblings. As they deal with physical and emotional challenges, unresolved conflicts surface and heartwarming friendships develop. Follow their difficult trials and poignant relationships set against the richly colorful backdrop of India. This film will open new horizons and greatly deepen your understanding of people with disabilities and their families. *1 hour, 18 minutes.*

A facilitated discussion on the different initiatives for special needs in Israel will follow the film.
