A Guide to Accessing Employment Supports from the RI Division of Developmental Disabilities (DDD)

Referral
Referrals can be initiated to DDD by self/family, school or agency.

Eligibility Determination

Supports Intensity Scale (SIS)

Resource Allocation/Tiers
(Medicaid Waiver application completed if eligible)
A portion or all of funds assigned can be used to pay for ongoing employment supports.

NOTE
Individuals may also be eligible for short-term employment services through Office of Rehabilitation Services (ORS).

Identify employment goal & support needs.
Consider the following:
What type of work would you like to do? Do you prefer to work for a company or be self-employed? Do you want to work full-time? How will you get to work? Do you need support to identify or reach your goal?

Choose how to manage your funds and services.

Person/Family Managed
You can choose Self-Directed Supports, a service that allows the person/family to manage how funds are spent, hire the person/agency to provide services, and control the services provided. To learn more about Self-Directed Supports and how some individuals/families are using these supports, go to www.sdri.net. A detailed factsheet is also available from the Sherlock Center.

OR
Agency Managed
You can choose one of RI's many agencies to manage your funds and provide services. Investigate agencies to determine the type of employment/job options offered and supports provided.

STRETCH YOUR DOLLARS!
Investigate other resources such as Office of Rehabilitation Services, netWORKKi, and the Social Security Administration to fund short-term employment services, job development, job retention, career planning, training/education, assistive technology/equipment, etc. You can change how funds are managed as your needs and goals change. Contact DDD to initiate a change.

Write a Plan & Start Services
Whether you choose the Person/Family Driven or Agency Driven method to managing funds and services, you will need to develop a plan for services. Plans are approved by DDD.

Referral Tip:
Apply once the student turns 16 years of age to allow time to develop a service plan.

To initiate a referral:
Division of Developmental Disabilities
14 Harrington Road, Cranston, RI 02920
Tel: (401) 462-3201

SOCIAL SECURITY ADMINISTRATION (SSA)
WORK INCENTIVES

Ticket to Work & Work Incentives Planning Assistance (WIPA)
SSA encourages SSI and SSDI recipients to work. Work Incentives address financial and health insurance concerns. If you are working, or seriously considering working, get started by contacting the Help line, visiting the SSA Choose Work website, or attending a public information session.

Helpline
The Helpline provides basic work incentive information and will refer you to an employment network and/or WIPA.

Sherlock Plan - Medicaid Buy-In
The Medicaid Buy-In law, also known as the Sherlock Act or Plan, allows qualified Rhode Islanders receiving SSI or SSDI payments to continue receiving government-subsidized health coverage in the form of Medicaid even if they return to work and exceed the current income and resource eligibility thresholds.
