Students Enrolling in a Self-Enrolled Group
By Scott Badger

1. You have to either click on the course link that's linked to the Group tool which can be located on the Course Menu or in a Content Area, Folder, or Learning Module. (Note: If you don’t have this course link, then you’ll need to make sure that you have a link which is linked to the Tools. If you don’t then your students will not be able to gain access to the group page where they can self-enroll in a group.

2. Click View Sign-up Sheet to Join a Group.

Note: Here the students will see all of the available group sets and groups.
3. The students will see all of the available groups and which students are already enrolled in what.
4. Click Sign Up for the group you want to be enrolled in.
5. You are now enrolled in the group and you’re brought to the group’s home page.
6. Notice what group tools are available.
