Working with Java in Blackboard with Chrome, Firefox and IE
By Alexander Palazzo

Google Chrome Browser

1. Login on to your Rhode Island College Blackboard
2. Go to the Chat room

3. In the upper right hand corner click the box with an x icon shows above. Press the Always allow plug in on blockboard.ric.edu. Click Done.

4. When this pop up shows up click run. Now you are all set.
Mozilla Firefox Browser
1. Login on to your Rhode Island College Blackboard
2. Go to the Chat room

3. A java pop up will show up. Click later.
4. Now you are all set.

Internet Explorer Browser
1. Login on to your Rhode Island College Blackboard
2. Go to the Chat room

3. A pop up will show up. Click Continue and now you are all set.
