Creating Your New iClicker Course
By Scott Badger and Pat Hetu

1. Go into the iclicker Win folder which is located in the iclicker_v54_windows folder.

2. Double-click iclicker.exe.

3. Click Add Course.
4. Enter in your course name and section. (Optional – enter in the course number)
5. Click Create.

6. Your course has been created.
7. Repeat steps 3-5 for each of your sections that you plan to use iclickers.
