### Notes:

- There is also a 20-credit minor in Professional Writing (PW) that you may wish to consider in addition to the Creative Writing major (some courses may be able to double count). See details at the website listed above.
- The total number of credits needed for the major, general education, and other requirements may be less than the 120 required for graduation. Those remaining credits can be satisfied with electives, or they can be used toward a second major or minor which could be very useful.
  - Along with your advisor, this Rhode Map can help you determine if a second major or minor could fit into your plan
