Comments: #025 asks to approve the deletions of ANTH 314 Archeology: Selected Regions; ANTH 327 Peoples and Cultures: Selected Regions; BIOL 445 Behavioral Neuroscience; CHEM 420 Biochemistry of Proteins and Nucleic Acids; COMM 378 Forensics; ECON 438 History of Economic Thought; GEND 354 Teenagers in/and the Media; GEND 458 Gender Education; HPE 206 Fundamental Movement and Its Analysis; HPE 207 Motor Skill Development for Lifetime Wellness; HPE 323 Teaching in Adventure Education; HPE 402 Advanced Practicum in Curriculum and Instruction; HPE 412 Organization and Administration of Physical Education Programs: Prekindergarten through Grade Twelve; HSCI Hazard Analysis and Critical Control Points; MKT 310 Product Design and Development; MATH 238 Quantitative Business Analysis II; PHIL 353 Epicureans, Stoics, Sceptics and Hellenistic Philosophy; PHIL 355 Augustine, Aquinas, and Medieval Philosophy; PSCI 340 Field Methods in Geology; POL 266 Investing in the Global Economy; SED 444 Teaching Adolescent Literature; SWRK 443 Social Work Practice with Grief and Loss; and SPAN 404 Studies in Hispanic Poetry. None of these have been offered in the past two years and there are no plans to offer them in the upcoming year. None are absolutely required, so this will have no real effect other than cleaning up the catalog, just a few less electives in some programs, but no totals are affected. Given we are deleting MATH 238 Quantitative Business Analysis II, MATH 177 Quantitative Business Analysis I should drop the roman numeral and simply become: MATH 177 Quantitative Business Analysis (given the catalog changes are universal, once this is done then all programs that include the course should be updated to reflect the change and so these are not included in the catalog copy). Given we are deleting BIOL 445, PSYC 445 Behavioral Neuroscience can delete from the description: "Credit cannot be received for both PSYC 445 and BIOL 445." In the School of Business General

Information section regarding the Suggested Sequence of Courses there is a reference to MATH 238 that should be deleted. Records also has two listings for LAS 363 Seminar: Topics in Latin American Studies. This course needs to be kept, but one of the listings in Records should be inactivated.

Comments: #026 asks to approve a revision to prerequisites of the Global Studies capstone GLOB 461 Seminar in Global Studies. We need to remove GLOB 365 The Atlantic World as a prerequisite as this course has been deleted, the remaining prerequisites are sufficient.
